FULL SERVICE RECLAMESTUDIO

Hello J-24 sailors.

Yesterday I spend a whole day at our EC 2010 location. What a great accommodation and racing area! Everything is in one location and all facilities are on walking distance.

After arriving and dropping your boat in the water, you park your car and no need to use it anymore until you go home. Reservations for the 6 persons cabins are going very fast and we only have three 6 persons cabins left. Luckily still ample camping ground and 4 persons cottages left. I checked the 4 person house and if you are flexible you can put an extra mattress in the room next to the double bed. This will save you money of renting a second house which can be more wisely spend on beer and "bitterballen". Don't tell Roompot this and just reserve for 4 persons.

We are getting excited about the event and hope you too!

Best regards,

Annelies Osinga (president J24 EC 2010)

Champions competing!

At this very moment 13 teams have registered. This includes the 2nd English team and the 3rd German team.

Among the registered teams there is a former European Champion. This is the Inmarsat from McLaughlin and Southworth. Ian Southworth has won many European Championships. Last year in Greece he and his team won the 3rd place in the European Championship.

The Stouche is the 2nd boat which is doing great and competing in the Netherlands. Stuart Jardine is the skipper of the Stouche and he and his team became third in the overall rankings of 2009.

We hope that you would like to challenge them in the European Championship of 2010 by registering on our website.
